What we experienced at SLI

Zhang Yinuo

(Level 6/ China/ Session 3, 2022~ Session 2, 2023)

I'm excited to share that I've been accepted into my dream graduate program after completing all six levels at SLI in one year. I couldn't have done it without the amazing support of my teachers. The challenging curriculum at SLI has been tough but incredibly helpful for achieving my goal of studying abroad. Don't be afraid to take on new challenges – they can lead you to your dreams.

Tige Quentin

(Level 6/ Canada/ Session 4, 2023~ Session 3, 2024)

In my 13 years Korean learning journey, I had the chance to attend various language institutes. I can confidently say that SLI provides one of the most rigorous learning environment out there. Because the program at SLI is intensive, studying at Sungkyunkwan is definitely not easy, but I believe it is the most time efficient place to learn Korean. The learning material is great, so are the Korean teachers. If you are serious about learning Korean and like to take on challenges, SLI is the school for you.

Seki Asuka

(Level 6/ Japan/ Session 5, 2023~ Session 4, 2024)

The most significant aspect of SLI is that you can study from level 1 to level 6 within 1 year. I am sure that SLI is the only place where you can learn Korean quickly and with such great concentration. Why don't you study Korean and Korean culture in the beautiful Jongno area with students from different countries? My name is quite interesting to Koreans, so it was easily remembered. If you are curious why my name is interesting, I strongly advise you to come and study at SLI.
